Re: JASON MATTHEWS
INTERNAL SECURITY
Reference File # 100-0-1899

[redacted] was contacted by Agent on September 10, 1942 at McAllen, Texas, at which time she advised Agent that the above captioned subject, who resides on North 10th Grove, McAllen, Texas had been severely criticizing the United States Government and Roosevelt. She further had said that subject frequently invited individuals to his home in order to afford him an opportunity to talk about the Government and cause unrest. However, she could not furnish any specific information indicating that the subject had at any time made un-American statements. She added that all his statements were anti-Roosevelt, and then related to the Agent that the subject was a very rabid republican, and had done everything in his power to get Roosevelt defeated in the last election in that vicinity.

However, according to [redacted] none attending subject's parties had ever heard him make un-American statements.

It is the opinion of the Agent that the above subject is not engaged in activities inimical to the welfare of the United States, but is merely a rabid republican, and from the description of subject given by [redacted] he was trying to get a Republican President in office in the last election. Therefore, it is suggested that a thorough investigation not be conducted in this matter.

Respectfully submitted,

RE: A. M. KEIRN; [redacted]
JASON MATTHEWS; [redacted]

INTERNAL SECURITY
CUSTODIAL DETENTION

On October 29, 1942 Inspectors [redacted] and [redacted] U. S. Customs Service, Hidalgo, Texas, advised that it has been reported to them that subject A. M. KEIRN is holding some sort of meetings at his home at McAllen, and that these meetings are being attended by the other subjects of this memorandum.

With reference to the subject KEIRN, the informant advised that he is reported to be quite wealthy, is approximately 50 years of age and he came to McAllen, Texas from Kansas, having Kansas automobile license on his car. They further advised that KEIRN in the recent past has imported Broom corn from Mexico to the United States, but they are not fully aware of his activities.

Informants advised that subject [redacted] is a citizen of [redacted] and before they learned of her citizenship status, during March, 1942, subject [redacted] made frequent visits to ~~MEXICO~~ Reynosa, Mexico ~~Reynosa~~ and remain there until the wee hours of the morning. They advised that it had been reported to them that subject [redacted] was associating with the high ranking officers of the Mexican Army in Reynosa. Informants advised that since they learned that the subject [redacted] is an alien, during March, 1942, that she has not attempted to enter Mexico to their knowledge, but that several nights in a week she will come down to a beer garden and cafe [redacted] which is located a short distance from the entrance to the Hidalgo Bridge, and that subject [redacted] remains at the cafe until the early hours of the morning. is usually alone and apparently is quite friendly with [redacted] the [redacted] the cafe. Informants advised that subject [redacted] has been repated to attend meetings at KEIRN'S house and they are doubly suspicious of her as [redacted] is a master sergeant in the United States Army, and is presently serving at Camp Bowie, Brownwood, Texas. They have observed [redacted] at the [redacted]

With reference to JASON MATTHEWS, informants advised that it is reported that he has been attending meetings at the KEIRN home. However, they advise that he is an elderly man and is considered very erratic. They advise that it has been reported to him that subject MATTHEWS has been investigated by some Governmental Agency who asked him whether or not he is a Communist to which MATTHEWS replied that he does not believe in Governments of any form. They further reported that subject MATTHEWS has built a tower on top of his home in McAllen and that it is rumored that he may have installed a short wave radio transmitter. Informants implied that subject MATTHEWS is well known to the citizens of McAllen and is regarded as being a very eccentric and somewhat radical.

[redacted] is reported to be from [redacted] and is believed to be the [redacted] It is reported that [redacted] has also been seen at the KEIRN home.

With reference to [redacted], who is [redacted] of the McAllen Monitor, informants could add nothing other than to say that it has been reported that he too attends the meetings at the KEIRN home.

Continuing, the informants advised that subject [redacted] is considered somewhat of a crank, and is well known in the city of McAllen, as on one occasion [redacted] was severely beaten for making derogatory statements concerning the United States Government in one of the local business establishments. They advised that [redacted] who is so well known, is likewise reported to be attending meetings at the KEIRN Home.

[redacted] U. S. Customs Officer, 1109 Quincy St., McAllen advised that [redacted] and that he has observed the subjects of instant memorandum at the KEIRN home at least twice during the past two months. [redacted] was unable to furnish any additional information other than to state that it is his opinion that the subjects are attending some meeting at the KEIRN home. Inspector [redacted] offered to be of any further assistance possible in connection with the investigation of these subjects.

Although instant report is somewhat involved and in many respects nonspecific, nevertheless there are allegations made and therefore it is suggested that a case be opened and a preliminary investigation be conducted to determine the activities of the subjects mentioned herein.

MEMORANDUM

From: [redacted] USNR.
To : Officer in Charge, Brownsville Branch.
Subject: MATTHEWS, J. C., McAllen, Texas, Possible subversive actions of.

1. [redacted] U. S. Customs Guard, Hidalgo, Texas, gave the following information: That subject was viewed with considerable suspicion in McAllen, Texas because of a fire that occurred in subject's house about a week ago. This fire was caused by a short circuit of an electrical wire in the attic of the house and when the firemen arrived, the wife of subject would only allow the firemen in the rooms that were directly effected. Informant stated that there were two padlocks on the gate leading to the house and that every room in the house was separately locked and that the firemen had to wait until the wife of subject produced the keys to unlock the rooms. Informant stated that the firemen told him that subject must use lots of electricity as there was a "high-line" to the house and in the attic there were three separate cables carrying electricity. The firemen told informant that subject had lots of expensive photographic equipment in one of the rooms and that subject had an unusually large size radio receiving set. "It was so large, very few people would know what it was." Informant stated that subject had an aerial placed about fifty feet from the ground and informant is of the opinion that subject could possibly be using an electrical short-wave sending set because of the height of the aerial and the secrecy with which subject guarded his house.

2. Informant stated that there are several well-known pro-Nazis in McAllen, one of whom is a man by the name of [redacted] (fnu), and that informant had seen subject's car at [redacted] house at night along with the cars of other subversive suspects.

3. There is an 8ND card listing one [redacted]
[redacted] who is possibly the man named in above paragraph.

It was ascertained that the fireman who were called to MATTHEWS' home at the time of the fire mentioned in referenced report from ONI had no difficulty in obtaining entrance to the house, and during the fire [redacted] Deputy Sheriff, made a complete survey of the house. He found nothing which would arouse suspicion and satisfied himself that the subject did not have any short wave radio transmitter. The subject's acquaintances state that he is a braggart and out spoken in his views against the present administration, but is thoroughly loyal to the United States.

✓ He was born in Virginia and is the son of a newspaper editor. He claims to have travelled all over the world and spent some time as a professional soldier of fortune. ✓ Subject claims to be an expert in photography, and has a great deal of photographic equipment at his home, however, however, it is the opinion of his acquaintances that he never works at or studies any one thing to become really expert. It was the opinion that suspicion of the subject was aroused because he had built a fence around his farm and kept the gate locked at all times. They state, however, that the subject does not like to have visitors except those people whom he considers to be his personal friends, and that he took this means to keep away salesmen.

On June 8, 1954 [REDACTED]
[REDACTED] telephonically requested an interview with the writer.
[REDACTED] was interviewed on that date at which time she advised that she believed captioned subjects to be subversive, however she could furnish no information which would reflect that they advocated the overthrow of the Government by force or otherwise. Basically her information was that the MATTHEWS are "calamity howlers" and are chronic critics of some phases of the Government. She furnished what she termed a "brief" on MATTHEWS and his wife which is attached hereto.
[REDACTED] advised that [REDACTED] is known to him and that she is "crazy".
On June 9, 1954 [REDACTED] an employee of The [REDACTED], advised that [REDACTED] had invited him to visit the MATTHEWS and to join a new political party which was being formed.
On June 11, 1954, [REDACTED] stated that he had attended a meeting at the MATTHEWS home on South 10th Street in McAllen on 6/10/54. MARCIA MATTHEWS advised him that a new party was being formed which is headed by [REDACTED] and that she is to head the local organization. She stated that the Republicans are attempting to make President EISENHOWER a dictator and also criticized the Democratic Party. She is very pro-McCARTHY. Both she and [REDACTED] stated that their organization is anti-Communist and is dedicated to that end.
Mrs. MATTHEWS furnished [REDACTED] considerable literature, all of which is anti-Communist in nature.

SUGGESTED ACTION: In view of the fact that no information has been received which would indicate that the MATTHEWS' are engaged in any subversive activities it is suggested that no further action be taken in this case.

Dear [redacted]

Mr. Jason Matthews and his wife, Mrs. Marcia Matthews, have retained us to represent them in a claim against you for damages resulting from alleged libel and slander. They allege that you have heretofore charged them with being Communists. Affidavits in our possession state that on or about May 27, 1954 you stated to divers people that Jason and Marcia Matthews were Communists and people should be warned not to associate with them. Another affidavit states that on or about June 1, 1954 you made similiar statements; and that such charges were repeated on or about October 14, 1954.

✓ Our Supreme Court has held that to charge an American citizen with being a Communist is libel and slander per se without legal and competent evidence to support such charge. Mr. and Mrs. Matthews deny the charges and have concluded to seek recovery of their damages against you.

Consequently, you are requested to make a retraction and an apology in writing, within ten days from this date; otherwise suit for damages will be filed.

The last line of the subscribers stencilled name and address indicates:

1. Date of expiration
2. Length of subscription
3. New-straight renewal or old renewal
4. Name of paper
5. Whether direct or through an agent.

To determine length of sub we use A thru M (Omitting I)

A - 1 mo.	H - 8 mos.
B - 2 "	J - 9 "
C - 3 "	K - 10 "
D - 4 "	L - 11 "
E - 5 "	M - 1 year
F - 6 "	2M - 2 years
G - 7 "	

"F" (6 months) and "M" (1 year) are most often found on THE WORKER subs, also "K" (10 months).

For fractions of a month, $\frac{1}{2}$ is used.

EXAMPLE: 5-11-59 M W refers to a Sunday Worker Sub for one year, expiring May 11, 1959.

5-11-59 F $\frac{1}{2}$ W refers to a 6 mo. Worker Sub which will run for an extra week over 6 months, and which expires May 11, 1959.

For subscriptions that are renewed within two weeks after expiration, the symbol "R" is used, to show that no copies are missed, e. g., 5-11-59 FR.

For subscriptions that were renewed after the date of expiration and the two weeks of grace, the symbol appears as RS, e.g., 5-11-59 RS which signifies that the subscription was renewed after expiration.

If the subscription is received through an agent of any kind, the symbol "A" is found at right of the plate, e.g., 5-11-59 M W A.

If THE WORKER subscription was a combination sub, the symbol D is included, e. g., 5-11-59 MW D.

Jason C. Matthews came to McAllen in April 1938 from San Antonio where he has lived for some time as a tourist. He has travelled all over the World and lived several years in Pennsylvania, New York and Mexico. He has never had any business connections in McAllen and not very much is actually known of him; however from information obtained from San Antonio, it appears that the money in the family belongs to Mrs. Matthews and was inherited from her father. They refuse to give financial information to any reporting agency, most of their belongings are in Pennsylvania and we have no way to check them locally. They have a large comfortable home, spend a good bit of money and pay their bills. They bought

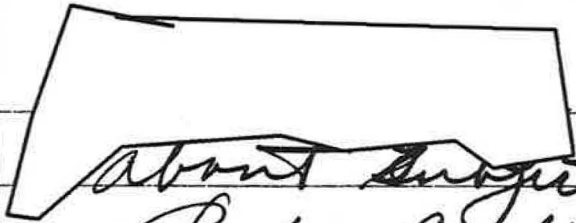

a place in McAllen in 1938 paying \$3000 down and assuming some notes. They gave a bank in Warren, Pennsylvania as a reference. The bank was wired and replied that Matthews had \$70,000 on deposit there at that time.

We received a report from San Antonio under date of 2-23-39 which included a report from New York under date of 6-13-36. It reads in part as follows: Subject formerly lived in Warren, Pa and Mrs Matthews formerly lived in New York City. They are reported to live in McAllen Texas. *Jason & Marcia Matthews
McAllen, Tex.*

They came to the valley in 1938; the year that communism moved into America and began its propaganda campaign to indoctrinate the country.

They claimed to be descendants of rich families; she a Jamison, Philadelphia & Boston. Vassar Graduate. Brilliant mind, well-informed in Government, social graces, extremely-well educated; politics especially. He, a "soldier of fortune", fought with Mexican army during Villa's reign of terror, got bad scar on chin, one leg dangles; maimed. Will never mention family background, when, where and how educated, nor join clubs where these facts are demanded.

No church affiliations. Religion unknown. Sneer at all religious or cultural ideas except those they pretend to sponsor; these unknown. Pretends that hordes of new composers and writers go to them all along for help and advice about selling and publishing; Nobody known to do so. He wear long hair & long beard. (Is it a pretense to be a screwball, long hair excentric, in order to really cover up something WORSE, which he is and wants to conceal. Good psychology. Pretend to be gosh-awful to prevent anybody finding out that you are GOD-damned awful?)

"Methinks they protest too much!" Remember? Same system. They sponsor all lost causes; when the news census forewarned that McArthur could not or would not be President, THEY launched a big, hysterical drive, via newspapers and verbally, to nominate him. (To split the non-Democratic vote and prevent a Republican President?) They came out for The Bricker Amendment. (After all in favor of it had despaired of its being passed and it was so announced in news reports.) Now, they sound off in the paper about McCarthy program being so wonderful - which it is! - but is it because they had foreknowledge that McCarthy will, eventually, be quashed? Or to draw attention to their own loyalties to America, fearing that McC. will win, and they want to be on right side, publicly, camouflaging their REAL affiliations?

No matter WHAT Americans are doing in Congress, it is WRONG, they think. Could it be that their propaganda is just that; merely disagreeing with EVERYTHING America does, so cast suspicion and doubts and dissent, in the minds of trusting and innocent and ignorant voters?

I think that they protest, too much, their overwhelming Americanism. WHY? She says that their loyalties force them to go minus food, in order to buy postage stamps to mail their articles. That is abnormal. If I were that poor, I - or any other common layman - would buy groceries, first. They say their mails are so heave that they drive down or up the valley to mail them in order not to over-work our postoffice staff. I think it is to allay suspicions at the quantities mailed; too much for one office not to notice. WHAT are they mailing? Much as they know of our government, neither of them as I know of, has cast in with either political party and campaigned and run for office in an orthodox manner, except her pretended interest in the McArthur campaign; a foredoomed cause. WHY?

Now, they fight Eisenhower, United Nations, Pentagon; everything. WHY? They prate about certain organized publication beaureaus and new causes; like FOR America; is it because of the unpopularity of McCormick & Hanion? Just "smoke-screen" for another lost cause, knowing that their little publicity in this remote section would have little chance of helping the cause and that their enthusiasm would further cast a "smoke-screen" over their REAL interests and activities; that is, getting out that mass of letters?

He poses as a literary genius in poetry and composition but he says he has written and published over 300 songs; none of them a HIT. Could any novice writer or composer afford that? They cost a fortune to publish, and novices have to pay their own expense of publications; always, until a HIT occurs.

Recently he has written and had published a book of verse; without a dust-jacket. It is because jackets must have a "blurb" on them, telling all about the author. I heard him say he did not like dust-jackets, as they covered up the book. If he really WERE a literary genius, he would know that books have little interest for collectors, if the dust-jackets are destroyed or marred, because their blurbs are all the reader knows about authors. Why no dust-jacket on his book of poems? (Because publishers demand personal information about authors, on them, but, if as in case of a first book from a novice, the author is paying for the printing, he may have it as he wishes; as the publisher is not involved in selling the edition. That seems suspicious, to me?

He makes trips to California, and Hollywood, frequently; in spite of their being so broke that they have to "go without food to have money for stamps." Strange? He said that he was collaborating with the movie-studios, in Hollywood, in writing the theme-songs for the movies, but I never saw his name on the list of song-writers; did you? Could he be conspiring with communist-slanted movies to SLANT them to the communist ideal? It is being done, and he is plenty smart to do it, but his literary "genius" is a humbug fraud for his book is mediocre, attempting to portray a very sexy - and a little religious - philosophy, but failing in both, because the author does not feel what he is writing. More camouflage? A huge review article appeared in our local paper, purporting to be written by some famous literature critic & publisher, but it sounds like HIMSELF, and he is conceited, bitter, cynical, boastful, superior-acting. I think he wrote it, himself, and signed that man's name to it, with or without the man's consent - if there really is any such man and the man KNOWS about this review, published in our little paper. I KNOW it sounds exactly like his conceited opinions of himself, often spoken before his audiences. I also suspect that all his civic interests? are phony. He says that rotten government in our country has "broke" them. Would such a citizen be very apt to be extremely civic-minded? I doubt it.

When I mentioned that I was going to help our present news-editors fight communism in government, he pooh, poohed the idea and painted a very dire picture of what the commies would do to me if I tried it. To keep me quiet? So they could come out from time to time, with their own little harmless sallies, pretending support and loyalties, but doing nothing about it? Garmon told them what I said about their being suspicioned by many persons, as being communists, because she came out that very week, with another little letter pretending to support McCarthy's investigation. I think it scared the daylights out of all of them and they warn each other, for Garmor resigned from Sharyland school, after Shivers anti-communist bill was passed and is campaigning for Davis as Governor. It all adds up. They warn each other and keep tabs on conversations in order to do so. They hate shivers but pretend to like him, merely adding up little?? flaws in his policy.

She said that her home is named "Freedom House" and that when they die, it is to be dedicated to their cause???not left to their children. WHY? Because the "cause" paid for it and supports it and them? It is a big, expensive hide-a-way, and is always nice and clean and well-kept, but three servants; a yardman, maid and cleaning-man. They entertain lavishly; sort of reminiscent of the old English Clivedon Set; remember? Persons who are well-to-do, a bit radical, pink or screwy? This takes lots of money. Where does it come from, if they are so broke that they forego groceries in order to pay for stamps? Won't the Party contribute more liberally? I wonder?

Summing up: I think that she is constantly and vehemently spouting all her loyalties and political convictions, to make a thick smoke-screen to cover up what HE is really doing. None of these causes ever pan out, and I think it is with meditation aforethought on her part, so that she will not be REALLY doing any good to our Government but to an unaware observer, she would seem extremely patriotic. Why all the effort to protest it? A really patriotic person takes it for granted that everybody knows it! And if she is all THAT patriotic, why not join one party and run for office, or campaign for some straight-line candidate; instead of all those independent, middle-of-the-roads, who are fore-doomed to defeat?

I think that he poses as a literary screwball in order to be able to commute between here and Hollywood without creating suspicion, and to throw off the tract any astute person who might discover that he is, in truth, diabolically clever and educated in government and brilliant-minded. He is cruel, critical, ~~vengeful~~ vengeful and very verbally damaging in conversation when any ody argues or disagrees with him.

They never get really "thick" with anybody, although they mingle fairly often in public, and he and she are highly critical of all cliques, clubs, groups for common public interest.

Summing up: Highly educated and highly paid communist propagandists, sent here with the first batch, to educate America to communism. This is a remote, hidden retreat for them to carry on unsuspected. (Many persons have suspected them, before me, but been abused, criticized and slandered out of face for it.)

Find out what all that mail IS, where it goes, whom addressed to, what he does in Hollywood and whom he visits and what they talk about and do. Watch her political affiliations; how they always peter out harmlessly, and she never comes out boldly and run for office in a regular party, but shoots off those little timely and well-planned letters to newspapers, for lost causes. All highly significant, but too much for a mere citizen like me to cope with. Make FBI investigate.

All the policies employed by communism to indoctrinate the minds of the world is employed in these papers; To Wit:
 Disillusionment with government officials,
 create discontent with present-day standards
 Lose faith in the power of God to help situation
 Lose faith in church and pulpit to correct worldliness
 Lose faith in friends, neighbors and relatives; they are all weak, blind and dumb
 Lose faith in the innate goodness of life, your fellowman & yourself
 Attract attention to the writer's own superb love of country & patriotism,
 to camouflage his REAL work of indoctrination for communism - like a mother duck will fly away from her young brood, in awkward, flopping manner to pretend that she is hurt and might be caught, in order to divert your hunt to her and leave alone her brood who is REALLY helpless and vulnerable.
 Calamity howling in crescendo tones to frighten the weak and illiterate.
 Telling them that all these horrible things will happen if McA is NOT elected, well-knowing that he will never accept nomination and that he is old, tired and almost senile.
 Wanted him to go on determinedly fighting abroad in order to frighten all foreign countries into believing that America is belligerent and aims at taking all the world, thus scaring the little countries into ducking under the big, protecting wings of communism to be saved from \$American Capitalists."
 Convincing the gullible and sucker-type into thinking that the country is already lost, so that they will cease to resist and sink back into the lethargy of hopelessness and fatalism; thus becoming fish in a rain barrel for communism to forge ahead with their own programs of propaganda and indoctrination.
 Like a card shark will keep on raising his ante, even when he only has a pair of deuces, until the weak and cowardly cease raising and the shark can take the pot.
 Or at Bridge, a player will sudden lay down his hand and declare that he has all the rest of the tricks, and absent-minded players will invariably lay down hands and let him win - when, often, he knows he would lose tricks if the hand would be played out. Applied psychology to weak, indifferent or simple. Sharks boast that fifty per-cent of players will give up under such dishonest tactics used by unscrupulous players the world over, because the average person is honest and assumes that all others are.
 The theme lay of these propagandists routine is: \$ We are wonderful patriots and detest communists but our country is already licked, dead, doomed, condemned and damned, so let's all of you quit attempting to save it". Well, but why, then do THEY frantically go right on mailing out thousand of these papers? If the game is over, why do THEY not quit, also?
 My country is not ~~xxxxxx~~ beaten as long as ONE American still resists, and I am resisting; with all I'm got.
 I know that we are not beaten yet.
 Our statesmen are not ALL cheats and liars and dishonest. Enough are good to save us; and I do not feel anything but pride when called a "McCarthyist."
 We still have a strong two-party system of government.
 We still have a decent Republic.
 Our church is growing stronger each year and has more members and strive harder to attract the minds and hearts of mankind to God.
 God has not deserted us. We are His creations, His children, joint heirs with His Christ, to His eternal spiritual kingdom. He created and rules the earth and nothing can destroy it, because God makes no mistakes and nothing He creates is or can be lost. All is well, in spite of outward turmoil.

With beady little snake-like eyes, this monster of a man sat in my house and ominously warned and threatened me with the direst of futures and failures if I continued to be so wild and foolish as to fight communism. There was a very angry and sinister glint in his eyes as he warned me, "If you fight communists, they will rein and break you every way in which a person can be wriedked. They will set the communist watch-dogs onto you and thwart all you think, do or say. In and through your government, they will persecute and crucify you; through taxation, smear campaigns, whisper crusades, till you are financially broke - They have millions of dollars and thousands of clever propagandists who will go to any extent to stop you, and if all else fails, you will appear dead in some horrible but mysterious manner. No, You cannot win and you had better just keep quiet and let your government do it."

I replied, "But, I thought you just told me how dishonest, crooked, foolish and besot all our government officials are? How will THEY save us?"

"Well, we will just have to trust them and leave it to them as they are our only hope; we cannot do any good; and may just get others and ourselves ruined and killed."

"Well, I said, if they start ramming me, they are going to come out with a mess of mighty bloody heads, for I received my intelligence from the same spiritual God-source that endowed all men's minds with wisdom, and I think that my supply is just as strong and good and clean as theirs, and I shall go right on fighting till I drop dead and will consider it well-spent time, thought energy, words and work, for somebody with my kind of faith will pick up the torch where I drop it. America was discovered because the world had to have ONE un-biased, un-prejudiced, un-discriminating melting-pot, where all the unhappy slaves of convention, tradition, habits, could be a common pool of mixed individual religions, race thoughts, stymied souls. God has used it as such since 1492 and it shall never be destroyed until each soul seeking God has found Him, pursuing his own individual, God-inspired intelligence.

I think you are a rotten, mean, evil old snake in our Garden of Eden, and as far as I am concerned, you had better go hang yourself."

✓ Communists wants Americans to believe that their country is lost; it wants the whole world to believe it, and you are helping spread that gospel via your calamity-howling propaganda campaign. I believe you to be in the pay of the Kremlin; if you are not, you should be, for you are doing them a vast service, and your dolorous, negative, pessimistic attitude and sound is becoming obnoxious and you are hereby warned to cease it. We need happy, cheerful, faithful, positive and optimistic citizens, and if you continue to spread communist-baited and profitable propaganda, we shall banish you to Siberia or somewhere behind the iron-curtain; where we firmly believe that you justly belong, with your sinister ballyhoo of fatalism.

No matter what you say to the contrary, JE Hoover's FBI are NOT infiltrated with communists. Hoover knows better than anybody, the dangers of communism. All he can do is find them, classify them and pass the data over to our Justice Department. It may be infiltrated and fail to prosecute successfully, deliberately, but if it does, then God will let another and still another hot-headed, impetuous, bull-doing McCarthy be born and come to power, to TELL the world about it. Even if government then crucifies McCarthy, and all his type as they arise and denounce evil, the world will stop and consider and meditate on what he told us, and then begin a whispering crusade that will eventually encircle the globe and bring crimes to justice, all in good time. Nothing that God created CAN be lost; know that. Thoughts are THINGS, and they will incubate and multiply and grow into words and deeds until the earth resounds with the thunders of thoughts conceived in a McCarthy-like brain storm.

McCarthy is the wisest and bravest American alive, today, and shall not be wasted, though they crucify him; as they WILL. His children to the third and fourth generations will rise up and call him blessed; another Lincoln, Diogenes, Socrates, Plato; if you will. But nothing can ever kill him; he will go on down the ages and be heard and wondered at and loved and emulated.

And nobody will care what his creed, cult or nationality was.

God gives persons their brains and nobody can listen to McCarthy and call him a fool; not even his crucifier and betrayers. There has always been Jases, Pilates, ignorant mobs crying for the blood of our messiahs, but nothing can still their voices nor escape the punishment for their spilled blood on their crosses of persecution while incarnating on earth.

That spirit is AMERICANISM and shall never be defeated nor destroyed totally.

Strike a Blow for Human Liberty!

Help stamp out the baboon slave State of one

Communist Worldism

Join in the fight to rid our American Republic of these enemies of civilization and human dignity.

You cannot strike a blow for human liberty until you know your enemy! The Communist subversion is everywhere. Its malignancy seeps from the pages of national magazines and best sellers. It lies coiled upon the pages of school and college text-books. It has sunk its fangs into high and low Court decisions corrupting Federal and State statutes; established the Marxist graduated income taxation which has devalued the dollar and the life savings of every American.

It has polluted Church and pulpit in an unbelievable record of treachery without precedent in all human history. "Liars and blackguards" wear the seductive mask of honor and respectability before microphones and upon lecture platforms. The documents of Congressional Committees are odorous with the misprision of treason by striped-pant diplomat, as well as the covert one-suit apostate American, pimping for the red harlot of Internationalism in the name of "peace" and "brotherhood".

To an informed, emotionally balanced adult American there is no discernable difference between the "ideals" and "objectives" of World Communism and the "ideals" and ultimate "objectives" of UNism except in name! Both are for one world government. One world flag. One world currency. Destruction of historical nationalism in all countries except Russia. A perpetual shooting peace to maintain a "workers" prosperity until absolute bayonet and slave labor Communism can be enforced. Both are anti-religious, anti-American, a denial of God and the dignity of man. Their support is a lie of the American faith. The death of the American dream. A betrayal of Christian history, a betrayal of every man and boy who has ever died under the flag of our Republic.

You may ask, what can I, a plain everyday working American do, to fight back at the known traitors and secret subversives betraying our Republic toward the orbit of a one slave world?

THE ANSWER IS, YOU CAN READ!

It was the millions who had read the great documented books by John T. Flynn "THE ROOSEVELT MYTH" and "THE ROAD AHEAD" as well as the documented "AMERICA'S RETREAT FROM VICTORY" by Joseph McCarthy and "REVITALIZING AMERICA" by General Douglas MacArthur and Whittaker Chamber's "WITNESS", — It was these Americans, who formed the vanguard that changed the results of the last national election. The politicians will claim the credit, but it was these informed Americans, fully understanding the meaning of Trumanism, who constituted the hard core of resistance, the Paul Reveres of public alarm against the destruction of our way of life. There is nothing more frightening to the one CommUNist world subversive than an informed American. A reading American. An American!

YOU CANNOT DETECT THE ONE-COMMUNIST WORLD SUBVERSIVES BY WHAT THEY PRETEND TO BE FOR; YOU MUST LEARN TO KNOW THE ENEMIES OF THE AMERICAN REPUBLIC BY WHAT THEY ARE AGAINST.

The CommUNist conquest of the world will be lost or won, not on alien soil or distant battlefields but in our own homes, our schools, our Churches, our government. Eight hundred million human beings dragged into slavery and slaughtering pens behind the Iron Curtain, since "AMERICA'S RETREAT FROM VICTORY" has shockingly demonstrated that to enslave a Nation, CommUNism need only capture the venal minds of a few of its leaders.

Never forget that Czechoslovakia was destroyed by brain-washed Czechoslovakians. That China was delivered to the Chinese Communists through treason within the high echelon of our own government. That Poland was destroyed by Poles and that even the once great England, who went to war to destroy National Socialism in Germany immediately was thrown into National Socialism within its own country by one-CommUNist worlders calling themselves Englishmen. Abraham Lincoln said it over one hundred years ago. "If America is ever destroyed, it will be from within, not from without". A fundamental rule of warfare is KNOW YOUR ENEMY! The CommUNistfront is everywhere. It wears a thousand false faces; in the clergy, the law, in labor unions, in press and radio; it sits in the councils of finance and international affairs. It slants the news and editorial policies of several great magazines and newspapers. It lies coiled in text-books and court decisions; in two decades of almost unbelievable treason to the American Constitution. Only by informing yourself in regard to the constantly changing one-CommUNist world Party line can you learn to separate America's friends from those who secretly seek to reshape the earth in the image of the ape-shaped mind of UNESCO.

2: The American Church is crawling with neurotic, venomous things, wearing the exterior disguise of men of God, parroting the Communist party line that the "ideals" of Christianity are identical with the "ideals" of Communism. KNOW YOUR ENEMY, THE LIFE YOU SAVE MAY BE YOUR OWN!

The greatest ally of Communism in America has been the uninformed American. Ignorance of Communist front activity within the Churches and schools of America has perhaps cost our Nation more in human life and caused more world-wide suffering, slavery and bloodshed than any military operation since the beginning of time. Ignorance of what Communism is and misplaced tolerance of this murderous ideology, may yet wipe the American Republic from the face of the earth and enslave the world. A fundamental rule of all warfare is **KNOW YOUR ENEMY!** The above material, most of which can be had free, will give you a working knowledge of the depth to which treason has been running amuck in our land for 30 years.

BOOKS BY AMERICANS in behalf of our American way of life are sometimes impossible to buy. When you have read the American Legion reprint "WHY YOU BUY BOOKS THAT SELL COMMUNISM" you will understand why.

If the name of Devin-Adair seems to appear in the above list more often than any other publisher it is because this publisher and Henry Regnery are without question the two most fearless, honest, forthright book publishers in America today. Henry Regnery's address is 20 West Jackson Boulevard, Chicago 4, Ill. Devin-Adair is 23 East 26th Street, New York City. If your own book store does not have these books write immediately to the publisher. If your own local library does not have these books listed, FIND OUT WHY! No book exposing the modus operandi of Communism has been intentionally left out of this list. The selections were made on the basis of the limited space available and the need to present those books that most authoritatively treat of the menace of Communism to the human race in the light of swiftly changing world developments and Communist front policy.

Reprints of this pamphlet, in lots of one hundred to one hundred thousand, may be had at cost for distribution among your own friends or organizations. State quantity wanted for quotation.

MARCIA MATTHEWS BROADCAST, October 23, 1960, XEG 1050 - 9:15 P.M. CST

ANNOUNCER:

From the land of the Rio Grande, -- around the world, -- THE LEGION FOR THE SURVIVAL OF FREEDOM brings you the courageous and informed commentary of Marcia Matthews whose name is known to millions for her unrelenting fight against communism, and FOR THE SURVIVAL OF YOUR AMERICAN WAY OF LIFE. And now, Ladies and Gentlemen - Marcia Matthews:

Good evening, Wherever you are whoever you are, if you believe with Edmund Burke, one of the greatest of defenders of the American cause during the Revolutionary wars, that the cause of freedom is the cause of God, then this is your friend of freedom, Marcia Matthews.

Thank you South Dakota, Kansas, Alabama, Texas, Oklahoma, New Mexico, Louisiana, Arkansas, Arizona, Colorado, Nebraska, Florida, Indiana, Illinois, and to the rest of you who have this past week written me a letter of encouragement, my grateful thanks.

Tonight this broadcast is in the form of an ALERT, in which each one of you in turn can become a Paul Revere. In case the reception is not too good in your locality because of some local weather condition, remember that you may have a mimeographed copy of this broadcast plus 84 of my famous Fight CommUNism stamps for a contribution of one dollar or more, as you are able. I will repeat my name and address at the end of this broadcast, if you wish to take advantage of this offer to join with the other millions of us in the fight for the survival of American freedom.

✓ Your betrayal toward a one CommUNist world government has reached such proportions that it is difficult for me to find words to properly express to you how close your American Republic is to being wiped from the face of the earth. Now I do not mean that all of your towns and cities will be destroyed by some kind of super bomb from without -- the tragedy besetting your America is far greater than the physical destruction of our homes and factories. Communism is an illness of the mind, basically a revolt against the Christian concept of self-discipline, that stretches back into the dark ages of history. Its propagation, or perhaps I should say, its infecting virus is spread by the propaganda technique of the Big Lie, the half truth, each spread from behind the mask of respectability.

Thus thousands of people, if not many millions, when you take into account the mass media of radio and TV, come to believe these propaganda lies and build up a resistance to commUNist exposures.

A case in point, -- but let me express it in another way. There is a form of insanity which is defined as the rigid mind. Now these people are not all hospital cases, in fact very few of them become violent to the point of having to be placed in confinement. They are capable of holding down some form of routine job or profession, some are high in Church and other professional activities, but they are no less insane than those who run amok with an axe or a gun. For the Marxist or anti-Christ ideas for

You cannot have both an American Republic and a world government, and yet there are many thousands of Churchmen and Churchwomen, with every appearance of being sane, supporting the United Nations under the one Communist world slogan that it is "the world's best hope for peace." These rigid minds brush away Alger Hiss, and the other identified traitors who perpetrated this Trojan Horse upon an unsuspecting people. The very people that should be fighting with [redacted] Marcia Matthews and every other anti-communist group in the country are America's Church organizations. [redacted] the internationally known psychiatrist has said that "Nation's seem to lose their minds, as do people". How long do you think commusocialism would survive as a threat to civilization and the human race if every Clergyman within our land would distribute to his congregation the truth about the United Nations, the government pamphlets, "The Crimes of Kruschchev", "Lest We Forget", and "The Supreme Court as an Instrument of the Communist Global Conquest", to mention only a few of the many hundreds of documents available, documenting for you your betrayal as a Christian and an American?

If every minister would tell you the truth of the betrayal of your sons in the planned ambush at Pearl Harbor, the slaughter of the children of Hungary, of the betrayal of Nationalist China, how long do you think your friends and neighbors would permit your hired hands in Washington to continue their collaboration with governmental subversion of all your Constitutional guarantees of public and private justice? Before the eyes of the enslaved of the world, it is almost beyond belief that our own government is working for your subjugation into a one communist slave labor world and that there is so little organized resistance to this treason to our Constitution and Bill of Rights.

As you regular listeners know, especially those of you who were hearing me during that period of time that I was on the air eight times each week, I have usually scooped all the national commentators in bringing you news of some new and dirty scheme that was intended to further advance the cause of the communist conquest of the world. This was possible because here in the Rio Grande Valley I am less than 150 miles from XEG's studios in Monterrey, Mexico. Tonight I am able to bring you another "first", and one that I doubt you will hear or see at all if you are a TV addict.

In the socialist war against you and free men everywhere, nothing just happens. When the one red worlders begin putting into the transmission belt, we researchers know as front organizations, a hue and cry for the repeal of the World Court Connally Reservation we knew that some kind of particularly dirty business was afoot. For the Connally Reservation is merely six words in the ratifying document that says this creature organization of the United Nations was not to have any authority in our domestic affairs. If this reservation had not been inserted in this UN treaty thing, it would have wiped out every vestige of your Constitutional guarantees right down to your Justice of the Peace Courts. Don't let anybody talk you into the idea that they are going to improve on this Amendment. You want to keep the Connally Amendment. Period.

I told you in a recent broadcast that I had been waiting for and making intensive inquiry regarding the 6 new judges that were supposed to be

in 1953, [] sent "greetings" to the cited National Lawyer's Guild." Now these three along with a Bethuel M. Webster, constitutes the President's nominating committee to select the best American available to stand for election to this World Court thing. They were supposed to consult with such as the Supreme Court, the American Bar Association and your Country's most important law schools.

Once these men have made their very careful selection, the names are sent to the UN. There they are listed alphabetically and submitted to the Security Council and to the General Assembly. These two bodies then vote separately for the new judges. All UN members States, whether they accept jurisdiction of the UN World Court or not, participate in the nomination and election of judges. Thus the Soviet slave labor satellites and the great slave labor dynasty itself, while refusing to allow any disputes arising from its captive nations to come before the court, has its stooges sitting on this Supreme Court of World Communism.

But here is the shocker, and one which you ignore at your own peril, and one which will give you an understanding of why the State Department has been withholding from the American people the name of its nominee for the World Court. That name, my countrymen, is PHILLIP C. JESSUP. I know that this is almost impossible of belief by those of you who have read anything about communism. You should demand from each of the Presidential candidates an immediate repudiation of Phillip Jessup, as a nominee of the UNthing court. This is the most brazen betrayal of American dignity and honor that I have ever encountered since the reinfiltration of the notorious [] [] back into your government under the Eisenhower Administration.

Perhaps some of you will remember that it was just 9 years ago in September of 1951 that the late great Senator McCarthy issued the famous 27 page document "The Case of Ambassador-at-Large, Phillip C. Jessup." The index states that the documents "do not even remotely constitute the entire picture of (the then) Ambassador to the UN. The first 10 pages show Jessup's affiliation with 6 organizations officially cited as Communist fronts. These are "The National Emergency Conference for Democratic Rights", the exposed Red spy, [] was chairman; "The Russian Institute," American Law Student's Association." "China Aid Council", "American Council; Institute of Pacific Relations; and "Coordinating Committee to Lift the Embargo." Another shows Jessup urging recognition of Red China, and Jessup as a defender of Alger Hiss during the second trial when Hiss' activities as a Soviet spy had already been established in the first Hiss trial, and conviction! This, my countrymen, is one of the two men that "our" men on the International Court of Arbitration are reported to have picked to run for the United States Judge on the UN's World Court.

The Connally Amendment protects America from this ghastly one CommUNist World Court thing. Demand its preservation! Demand of Kennedy and Nixon, not only a repudiation of the Jessup nomination for the World Court but demand the repudiation of this weird and alien-minded committee that made this incredible nomination possible.

The UN attitude that we are all idiots and that there is no treason that we will not tolerate will come to an end, only, when the wells of your

ANNOUNCER:

From the land of the Rio Grande, -- around the world, -- THE LEGION FOR THE SURVIVAL OF FREEDOM brings you the courageous and informed commentary of Marcia Matthews whose name is known to millions for her unrelenting fight against communism, and FOR THE SURVIVAL OF YOUR AMERICAN WAY OF LIFE. And now, Ladies and Gentlemen - Marcia Matthews:

Good evening, so much is transpiring in the news that relates to your survival under the American Constitution that it is difficult for me to sort out for you those items that are of primary importance.

One thing is clear in the news even though it is interspersed with a half hundred variations of "jingle bells" that never before in our history will our people experience such a propaganda mindwashing as they will be subjected to within the next few months. Last week I heard one of the well-known cliches of the one Red Worlders being peddled by a political Clergyman with access to a microphone. The basic thought that he was attempting to put over was "how do you know you won't like communism until you try it?" He did not say it exactly in those words but instead set up a straw man in the image of an Asian country and put across the idea in an exceedingly cunning way by inferring that the Asian countries had no idea that they would like communism until they tried it.

As a researcher in communist jargon I have often come across this party line in the left-wing religious press, but this kind of talk has not come to my attention on a national scale until the past few weeks. If the one communist world press is correct in their appraisal of the ignorance of most Americans concerning Socialism and its one world government objectives, ahead of you will be the most crucial two years in the history of our Republic. The high praise or rather I think the word hysterical is more applicable, that the communist press is heaping upon the Supreme Court should be a warning bell to every citizen who is not indifferent to the survival of freedom in our time.

The communist press is promising the faithful adherents to red worldism that the 60's are to be their years of greatest triumph. They point with pride and glee to the accomplishments of the Court as though the Court or rather the actions of the Court had been brought about by the communist and fellow-travelling press of the country. Some of the victories of communism or that the Daily People's World and the Daily Worker to name only two publications are claiming as victories, are as follows: The one that heads the list and rightly so, since the Daily People's World heralded it as the greatest victory that had ever been handed the Communist party in America since it first came to public notice was "its outlawing of the sedition laws of some 32 states". Next they list the "limiting of the power of States and cities to discharge employees who plead the Fifth Amendment". Another victory they claim for their faithful is "the prohibiting of Southern States to operate public school systems in violation of the law of the

Another item that should concern you is an interview in the Toronto Daily Star with [redacted] past [redacted] of the English Methodist Conference, and now [redacted] of the West End Methodist Mission in London. He said "you can't have disarmament in a laissez-faire economy (meaning the tranquility of government under a free economy) but you can, in the planned socialist state. We must search for world government", he continues, "AND WE MUST FACE THE FACT THAT KRUSHCHEV WILL BE THE FIRST PRESIDENT".

Let me repeat that for you and again I am quoting [redacted] recently [redacted] lecturer at Yale University, and by recent, I mean 1960. He tells you "WE MUST SEARCH FOR WORLD GOVERNMENT AND WE MUST FACE THE FACT THAT KRUSHCHEV WILL BE THE FIRST PRESIDENT."

For some 3 years of radio broadcasting I have time and time again documented for you that the final objective of Commusocialism is world government, and before that I have written thousands of words of additional documentation of the patterns that the communist conquest of your American Republic was taking, yet I meet many people, people who can actually read and write, who instantly leap to the defense of the United Nations and its tentacle agencies, in the language of the politburo itself. One listener called me on the phone recently and said "Marcia, we have to support the United Nations because Krushchev is against it". Here is a classic example of the success of communist propaganda! Comrade K has fed into the one red world transmission belt that to be against the UN is to be for something that the head man of the great slave labor dynasty is for. But you can search the pages of every communist publication in the land and fail to find a single article that denounces the UN. What you do find is the constant appeal to "strengthen the UN" you even see the sneak proposals in the disguised or hidden front publications suggesting that the UN should have the power to tax in order to be independent of its sources of money. Also in this week past there has been high praise for the National Council of Churches meeting in San Francisco, particularly with reference to the Council's efforts in behalf of getting Red China into the UN. With all the material available from the House Un-American Activities Committee and the Senate Internal Security Sub-Committee, as well as many additional sources of documentation on the National Council of Churches you would think that this out-right propaganda line would not be effective among educated people...but it is not so much at the captive audience in the Church that this propaganda is aimed, but at those outside the Church. This is the well patterned respectability line. Another favorite line of the political Clergy propagandist is that Red China will soon have the atom bomb and the only way that we can control the Chinese reds is by having them in the UN. This is such an outrageous representation that you would doubt that any sane person would repeat it or any newspaper publish it and yet I see this party line continually popping up in the respectable press.

At this time I would like to turn to a News Release from [redacted]
[redacted] It concerns an article in the November Readers Digest. It is headed ALL-OUT OFFENSIVE NEEDED. I do not know if that is the Reader's Digest heading for all I have before me at this moment is [redacted] release.

issue of Reader's Digest. Out of his vast experience, in war, diplomacy, politics, government, he sets forth some sound steps which he urges the President of the United States and all free-world leaders to take:

"To settle for a world half-slave, half-free is the surest road to surrender," he says. "The new barbarians cannot be bought off or contained. They must be defeated. This can still be done without a nuclear showdown--by an all-out offensive in the fields of propaganda, economic aid, public education and, in general, fighting fire with fire in every part of the globe.

"We can yet drive the Reds in their turn onto the defensive. There are plenty of weaknesses and vulnerable spots in the Communist camp--and we can exploit every one of them. We can turn the Communists' own weapons, including infiltration and subversion, against them. We can create 'crisis' in their home territory, instead of waiting passively for crisis in ours. We can train specialists in every branch of cold warfare instead of relying on amateurs. We can keep alive the hope of release from servitude among our enslaved brothers under the Communist yoke...

"A global campaign of public education should be mounted on a scale to outmatch the Communists. It must be resourceful, aggressive, unafraid and prepared to turn their own weapons of subversion and infiltration against them. But this will never be done until the necessity of defeating Communism--defeating, mind you, not resisting--is recognized. Only then can you begin to tell the truth as uninhibitedly and effectively as the enemy tells lies."

[redacted] in his article, reviews the disastrous defeats suffered in our diplomatic actions. "Western leaders keep paying blackmail in concessions and small surrenders," he says... "The United States (for instance) rolled out the red carpet for [redacted] a kind of preview of the later Krushchev visit. Not long before, an American plane had been electronically lured into Soviet Armenia [redacted] native area) and 17 American fliers were lost. The American government had documentary proofs of Soviet guilt, but withheld them until Mikoyan left, in order not to spoil his goodwill tour. How much good did it do?"

"Incorrigibly hopeful despite everything," he notes, "The United States twice renewed the moratorium on nuclear testing, thus giving the Kremlin exactly what it wanted--a test ban without inspection. Even now there is hesitation about ending the moratorium, though the protracted negotiations have yielded only frustrations for the United States and propaganda victories for the Soviet Union."

It is going to require the combined efforts of the citizens of the United States to change the course of our government. Our leaders in decision-making positions are being influenced, by powerful forces, to continue the program of "peaceful co-existence" and "containment" which has been so disastrous for us, so successful for the Communists. From the land of the Rio Grande, -- around the world, -- THE LEGION FOR THE SURVIVAL OF FREEDOM brings you the courageous and informed commentary of Marcia Matthews whose name is known to millions for her unrelenting fight against communism, and FOR THE SURVIVAL OF YOUR AMERICAN WAY OF LIFE. And now, Ladies and Gentlemen - Marcia Matthews:

Good evening, wherever you are, whoever you are, if you are one of the millions of awakening Americans who have shaken off the chains of propaganda paralysis woven around you during the last two political campaigns, and have started asking yourself, your friends and neighbors, "What can we do to stem the new aggressions that are being planned against our form of government, not from without, but from within", then this is your friend of freedom, Marcia Matthews.

Last week I documented for you, for the first time on anybody's air, that there was afoot a scheme for dragooning your children into indoctrination camps from where they would be shipped off to "under-developed countries to work side-by-side with nationals of other countries, in low pay, deglamorized jobs" under the disguise of a "Youth program".

A patriot listener in Pharr informs me that following this Hour of Truth broadcast last Sunday afternoon that, that evening on a CBS News release over KWKH, Shreveport, La., on a national network, she heard the first mention of such an idea in a short presentation by one of the gentlemen I mentioned, [redacted] and that they were going beyond the documentation I had given you, and were now proposing that young girls also be included in this scheme.

b6

You are going to have to watch this one. I have been warning you periodically on previous International and on these South Texas broadcasts that the 60's were to be the years of extreme propaganda activity against the minds of your children. But this proposal of a new kind of Youth Program is the first time the one worlders have reached both for the minds and the flesh of America's children for export to the so-called backward countries of the world.

Now this program for the dragooning of America's children into service is not something just dreamed up by a few crackpots without official status in your government. This was a proposal made by the President-Elect in one of his Los Angeles campaign speeches. Who sold him this idea is not entirely clear but I gave you last week, the list of those individuals who were working up this so called "study" to be presented as soon as possible with the hope that there would be "enabling legislation" under consideration by mid-February. Anything with such an innocent sounding name as a "Youth" program can be counted upon to disarm the millions of our people who have little or no understanding of the objectives of world communism or how some of these slave labor objectives have been accomplished under such innocent sounding words as "understanding, togetherness, people-to-people contacts, cultural exchanges" and other propaganda terms which

executive despotism that can rip your American Constitution and Bill of Rights into crimson shreds. The thought that has been expressed but only in the confines of their own study group supposedly preparing recommendations to back up this international youth brigade idea is--that to make it effective it will have to replace the present Selective Service Act, but be presented to Congress in such a manner as to make it appear to be without force and violence of our Constitutional guarantees.

Actually the one red worlders know that before they can get through the wild blue yonder proposals that are being picked up and dusted off from the early days of the Franklin Roosevelt cabal that it will be necessary to repeal the Connally Reservation. Those six words are actually all that presently stand between you and the total one communist world conquest of the American Republic. In the identical pattern of the repeal of the Connally Amendment, you had the rigged infiltration of Philip Jessup onto the Un World Court, and so far, there has not even been a Congressional Investigation of how this came about. Along with this work gang youth program you will witness a new drive to repeal the Connally Amendment because this is necessary to the interlocking, piece by piece pattern of advance, of the one world take-over of the last bastion of Christianity and human freedom left to the human mind upon this planet...your American government.

You will see some strange bedfellows in this fight to sweep away the American Republic. You can look for the American Bar Association to be standing in the same corner with the Foreign Policy Association, the Daily People's World, and all the groups and individuals that have been in hysterical frothings for the admission of Communist China to the UN. The tip off on this comes from the fact that the ABA headquarters have evaded questions about identification of its new president, and they have taken no steps demanding the recall of Philip Jessup from the World Court nor an investigation of the President's so-called nominating committee that rigged this appointment.

Because the political clergy has been putting into its transmission belt the cry for the recognition of the ghastly slave labor commune administration of Red China and I have been informed they are using quotes out of the notorious and discredited Tydings Committee hearings that were first used in an attempt to smear the late great Senator McCarthy, I want to refresh your memory of Philip C. Jessup by letting you walk around in his mind for a few moments. The Tydings hearing were back in 1950; this is the effort that was made to stop the expose of the notorious Institute of Pacific Relations and was intended to finish off Senator McCarthy once and for all. I think we should best begin with a letter sent by a group of Columbia University professors that was published in the New York Times on the subject of the atom bomb, February 16, 1946, suggesting a declaration of policy by the President of the United States. "The U. S. will at once stop the production of bombs from material currently produced...For one year...we will stop accumulating...the essential ingredients of atomic bombs. The plants... will be kept merely in a stand-by condition. They will not accumulate the resulting purified and fissionable products. As produced these will be eliminated

defeated again when he tried another comeback. The late great Senator Pat McCarran, Democrat of Nevada, Chairman of the International Security Subcommittee could not stomach the attempted whitewash of the Institute of Pacific Relations and Philip Jossup, and in 1952 after extensive and fearless hearings that run to a number of volumes, came to the following conclusions, and now I am quoting from the Report of the Internal Security Subcommittee: "The Institute of Pacific Relations has been considered by the American Communist Party and by Soviet officials as an instrument of Communist policy, propaganda and military intelligence. A small core of officials and staff members carried the main burden of IPR activities and directed its administration and policies. Members of the small core of officials and staff members who controlled IPR were either Communist or pro-Communist."

The effective leadership of the Institute of Pacific Relations often sought to deceive IPR contributors and supporters as to the true character and activities of the organization. Neither the IPR nor any substantial body of those associated with its executive officers, trustees or major financial contributors, has ever made any serious and objective investigation of the charges that 'IPR was infiltrated by Communists and was used for pro-Communist and pro-Soviet purposes.'

(I am still quoting from the brilliant and courageous Internal Security Subcommittee documented Hearings on this disguised front, when the great Senator Pat McCarran, Democrat of Nevada was its Chairman). "Owen Lattimore was, from some time beginning in the 1930's a conscious articulate instrument of the Soviet conspiracy. The American staff of IPR, though fully appraised that the Soviet Council of IPR was, in fact, an arm of the Soviet Foreign Office, was simultaneously and secretly instructed to preserve the 'fiction' that the Soviet council was independent. The IPR possessed close organic relations with the State Department through interchange of personnel, attendance of State Department officials at IPR conference, constant exchange of information and social contacts. The effective leadership of the IPR used IPR prestige to promote the interests of the Soviet Union in the United States. The IPR was a vehicle used by the Communists to orientate American far Eastern policies toward Communist objectives." If you would like to document for yourself the betrayals of your God and country that was brought about through the IPR and its interlocking cabalists, ask your own Congressman to get you Senate Internal Subcommittee Report Number 2050 of the 82nd Congress. Now for a final note on IPR, on October 1st it moved to Canada, (the only country whose banks have not been seized by the one communist world beachhead government on Cuba) where its files and activities will be out of reach of the FBI and the various Congressional investigating committees. In these few minutes I have documented for you only one of the numerous alliances of the character witnesses for Alger Hiss who has now been strangely moved on to the United Nations World Court to sit in judgment on all issues involving the struggle of Christianity and free men as opposed to the Soviet dream of world conquest in and through the destruction of the American Republic and its subjugation to a Marxist One World Government.

ANNOUNCER:

From the land of the Rio Grande, -- around the world, -- THE LEGION FOR THE SURVIVAL OF FREEDOM brings you the courageous and informed commentary of Marcia Matthews whose name is known to millions for her unrelenting fight against communism, and FOR THE SURVIVAL OF YOUR AMERICAN WAY OF LIFE. And now, Ladies and Gentlemen - Marcia Matthews:

Good evening, wherever you are, whoever you are, if you have an awakening realization that if our American freedom is to survive the pressure pattern of Soviet propaganda paralysis, that it is necessary for you as an individual to resolve to learn more tomorrow than you know today about one communist worldism" ever increasing threat to your life, and liberty, then this is your friend of freedom, Marcia Matthews.

For the past several weeks I have been listening to an ever increasing crescendo of political propaganda about the brave new world of "peace with justice" and prosperity for all the earth that we are about to embark upon in this year of our Lord 1961. But the historical record says that American self-government has never faced a greater threat to its survival than it faces in the Cabinet appointments of the so-called new administration. 28 years of psychological warfare against the Republic have brought us from the greatest military and financial power on the face of the earth, to one trembling on the brink of bankruptcy--from which nations ruined by similar adventures into welfare statism have sought escape from the betrayal of their people, by war.

As an experienced researcher in the modus operandi of one communist world objectives follows the patterns of communist conquest throughout the world, and particularly within our own land, you are continually struck by the appearance and reappearance of certain names, whose positions of so-called respectability are not compatible with atheism, treason and Trojan Horse subversion. It is these respectables that operate in the field of the anti-communist. They are far more effective in the role of smear bundists seldom, if ever, have they been identified under Oath before a Legislative Committee, as part of the communist conspiratorial apparatus. As you review the nations that have been dragooned behind the great slave labor curtain you are struck with the fact that without exception, these unfortunate people were not conquered by armed Soviet might but by the Alger Hiss, the Harry Dexter Whites' and the hidden Covert Marxists who were respected citizens who did not come forward in those lands until the communist was an accomplished fact. No country has even been conquered by an admitted communist agent. Even in unhappy Cuba, the Castro brothers, in spite of all the documentation to the contrary were able to pose as non-communist, "agarian reformers" and were supported in the American press--the supposed conservative American press--if you will, as without communist intent. So successful was this communist propaganda lie, that this communist quoting chapter and verse of the Castro record some 18 months prior to the establishment of this Soviet beachhead on Cuba, was howled out by even the religious press. How and by whose hand was this treason to the America people made a fait accompli--you have yet to learn

innocents that have been taken in by such propaganda series as "Great Decisions" you will be shocked by this American Legion document of Atlanta, Georgia. It sells for one dollar or you may have 7 copies for \$5.00. It is a rather long address and such street numbers are so often confusing over radio that if you wish to order from me you may do so, or you can call or write me for the address. The first rule of warfare is KNOW YOUR ENEMY, we are losing the war against the Soviet slave labor dictatorship because millions of our people have yet to learn this very simple fundamental of human survival. To survive the holocaust of degradation and slavery the one red worlders have planned for you not only calls for the intelligent recognition of YOUR ENEMY but the ability to recognize the one communist world line in your Church and Sunday School literature, in your school and college text books, in your daily press, and particularly in your TV viewing and radio listening. Communist propaganda wears a thousands disguises, some of it even masquerading as anti-communist. The average reader is innocently unaware of the vast amount of mind-washing to which he or she is being subjected, this is especially true if the material wears a partisan political label or is dished up from a Church pulpit. It is from this source that the secret one worlders most effectively push the anti-anti communist propaganda line. For an exceedingly simple illustration when [redacted] or [redacted] expose some particular dirty and subversive activity within the National Council of Churches these hidden respectables, attack not the traitor or the treason that these distinguished patriots have exposed-- they attack the exposers. These are the people who piously tell you, you must not take the records of treason from the House-Un-American Activities Committee, as evidence, that you must turn your mind away from the listings in the Guide to Subversive Organizations and Publications..."until these accused have had their day in court." This is the gibberish of the anti-anti-communist that confuses the uninformed, because these peddlers of the soft on treason line know that the Warren-Frankfurter Court have struck down the subversive control laws...and that all that is left to the American people is exposure of those who are seeking to bring about the destruction of the American Republic and its submergence into a one world government.

And now for a change of subject: Over the past year I have documented for you that the 60's were to be the years of crises in American freedom and that it was our Nation's children that were to be the Kremlin's target in the early and confusing days of the new administration. So many millions of our senior citizens have come awake to the knowledge of the true nature of the propaganda forces arrayed against them, that the Soviet slave labor strategy has for the past couple of years been seeking out its victims among the youth of the world, with particular emphasis on America. You will witness during the next few weeks a propaganda drive interlocking the Kremlin's Trojan Horse cry of peace with various devices to gain a captive audience for the mind-washing of our youth, similar to the old CCC camps the Roosevelt Fabians used in the early days of what they called the new deal. Last December 15th in New York City, there was a meeting attended by 17 self-styled authorities on International Relations. This meeting was called by "Research" officials at Colorado State University, which had just received a grant from the International Cooperation Administration to investigate the "practicability and feasibility" of a thing calling itself a "youth corps"

To give you an individual run-down on all of these people would require a half dozen broadcasts and background documentation on each organization. The names of the Ford and Rockefeller Foundations along with that of Carnegie and the World Council of Churches should be enough to chill the blood of any American who believes in the inalienable rights of our citizens under the Constitution of our Founding Fathers. Here is something that you will have to keep your eye on, [redacted] and here I am quoting a confidential memo, "said there appeared to be intense interest by a number of Congressmen and also aides of the President-elect to get the findings of the study as soon as practicable...possibly by mid-February, in the event enabling legislation might be UNDER CONSIDERATION AT THE TIME." He would not comment on findings of the committee for that day. But I can tell you that the size and shape of an American Youth Corps program were discussed, and that among the questions raised was "whether it would replace or supplement Selective Service" and also its relation to the United Nations. To be forewarned is for the intelligent to be forearmed. Watch out for this one.

ANNOUNCER:

From the land of the Rio Grande, -- around the world, -- THE LEGION FOR THE SURVIVAL OF FREEDOM brings you the courageous and informed commentary of Marcia Matthews whose name is known to millions for her unrelenting fight against communism, and FOR THE SURVIVAL OF YOUR AMERICAN WAY OF LIFE. And now, Ladies and Gentlemen - Marcia Matthews:

Good evening, if you are beginning to realize that in spite of all the one happy communist world propaganda you are getting almost every hour on the hour from every important news media, you are approaching a crisis in Christianity and American liberty, then, this is your friend of freedom, Marcia Matthews.

Current history continues to record one disaster after another for the human mind and free men everywhere around the world, but nowhere is this tragedy more apparent to the American freedom fighters than in the political appointments that have been made by the so-called new administration. Now, nothing that I say in these freedom broadcasts is political in a partisan sense, what we are discussing here is your survival as a freeman or woman under the Constitutional guarantees of your American Republic.

The thing that most disturbs the anti-one communist world researcher is, that this threat to the survival of freedom has been before the eyes and ears of everyone who could read and write since the sweetheart agreement that gave recognition to Bolshevism in 1933 and saved this dynasty of atheism and slave labor from being swept from the face of the earth.

Since I first put the [redacted] quote into circulation on one of my international radio broadcasts several years ago, it has been reprinted and quoted in many publications and on some of the more fearless radio news programs, such as Fulton Lewis, Jr., and on the patriot broadcasts of all the noted evangelists, such as [redacted] This is the quote from a top Soviet overlord made back in 1931.

"War to the hilt between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at ~~one another~~ ^{each other} to be friends. As soon as their guard is down, we shall smash them with our clenched fist."

[redacted] was [redacted] of the United Nations Security Council in 1949. This speech was made before the Lenin School of Political Warfare in 1931. For 28 years we have been in this condition of apathy and coexistence appeasement paralysis.

I have been asked from California, to New Jersey, from Florida to

As the non-biased historian reviews current history you are aware that almost every disaster to which Christianity and freemen have been subjected, throughout the world, has originated in America, regardless of what form it may have taken in Europe, Asia, or Latin America. Occasionally I see a propaganda piece that attempts to establish in some readers mind the idea that no one, just no one, is responsible for these disasters to the morality of humanity and the enslavement of a billion people. That we (always meaning a defender of human freedom) have not properly brought up our children, or that the conservatives in America have always been "against" something, instead of being "for" something. This line is pushed to its limit throughout the transmission belts of the political Clergy and the secret one Communist world cells in every media of communication within our land, including school and college text-books.

It would take only a few moments of radio listening, TV watching, or even a casual reading of anyone of a half dozen newspaper columns relating to the new administration's appointees to be made aware that each one of these appointees in dealing with questions such as the admission of Red China to the UN, have hedged their statements with such terms as used "not at this time"; all of them have been careful to continue to push the Soviet's world government line that such action is "inevitable" this same manufactured inevitability is applied to co-existence, peaceful trade and other mis-named cold war propaganda objectives. It was thus in the superficial terms of resisting a sneak attack that we went to war against the totalitarianism or brown shirt commusocialism symbolized by Hitler, Mussolini and Tojo. We did not ask why Japan had attacked, as the Soviet one communist world press and their fellow-travelling word hucksters had been selling us this "inevitability" from the moment Hitler turned on his red comrade in arms, but not before. Almost all of America accepted the preposterous statement that we were simply another victim of the evil force let loose in the world. b6
b7C

We did not then know that Franklin Roosevelt and his confidantes were calmly awaiting the attack on Pearl Harbor. We did not then know that our leadership had broken the Japanese code and had read the very messages ordering the attack. Nor did we know that Pearl Harbor came as a relief to those one worlders in the inner circle of our administration, who, until that time, had felt frustrated at the unwillingness of the people of America to be taken into a world conflict. And but few of us thought it significant that we were asked to forget that it was a partnership of Hitler and Stalin which started the war.

(I have yet to have a single American school or college text-book brought to my attention that tells the truth of the hideous betrayal of our sons in this prepared ambush, in order that world communism might be made a threat to the survival of Christianity and the human mind.)

If, however, we did not understand the moves which have been termed the "manufactured inevitability" of World War Two, there was, to many of us old enough to remember World War One, a strange pattern to World War Two. Frequently the war was merely an excuse for actions which resulted in appalling waste, or actions which represented strides toward a collectivized

their profits and fearfully conscious of the democratic renegotiation clauses in their contracts. Most business men, even as they are today, including those in government, were without an understanding of what was happening, and of what their subordinates were doing to them. They loved the exercise of governmental powers and the few who understood and wanted to protest were silenced by the censorship of the most thoroughly pro-Soviet agency of the government--the Office of War Information. Little business, such as retailers were cowed by fear of making the kind of headlines given to the late Mr. Sewell Avery. I am referring, of course, to the patriotic and courageous head of Montgomery Ward, who was photographed as he was carried from his office by two soldiers. The resulting picture was front-paged all over the land but no great American editorial writers came to the principles of the Constitution that were involved in Sewell Avery's resistance to his civil rights.

Men who worked with their hands talked among themselves, but dared not cry out for fear of the business agent, the war manpower commission and/or the draft board. Even the Congress, fearful of the political power and the hysterical wrath of a vindictive-tongued President, abandoned its joint responsibility for the conduct of the war. Ironically, the watch-dog functions of the Senate were turned over to a committee headed by Senator Harry Truman of Missouri. It was, in fact, as a reward for ignoring or whitewashing the incredible waste of our economic and human resources that brought to Senator Truman the "clear it with Sydney" nomination for Vice-President in 1944.

Today we are still struggling to escape the Soviet net of one communist world collectivisms that were first fanged into our body politic as "emergency war powers". But millions of Americans who would be on the side of the Republic and the survival of freedom are unaware that these laws are still on the books and that it is through these laws and bureaucratic edicts that like docile cattle, we are slowly being propagandized in the surrender of our individual and economic freedom on which the dignities guaranteed by the Constitution are based.

It was in these days of the Pearl Harbor betrayal that the foundations were laid for future betrayals particularly in the field of foreign relations. It is here that the anticommunist researcher finds the Marxist controls almost complete.

In line with this and in order that you may better understand where lies the greatest threat to the survival of the American Republic and you and your friends and neighbors, as free men and women, I would like to call to your attention an Atlanta, Georgia, Grand Jury presentation entitled "The Truth about the Foreign Policy Association". For a contribution of one dollar or more as you are able, I shall send you a copy of this important document, and include free, a copy of this broadcast. Address your letters to Marcia Matthews, Post Office Box 100, McAllen, Texas. Until this same time next week this is Marcia Matthews, saying may all your prayers be answered according to your faith and need. God Bless you one and all. Good night.
